HOW WE DO IT

We build compatible cartridges

AHRC-NYC Cartridge King starts with once used toner cartridges made by the original equipment manufacturer. We completely disassemble them. Each part is inspected, tested, and replaced if any wear is found. Each technician is a person with a disability who is a productive worker because of his or her determination, and the training and support provided by AHRC-NYC Cartridge King.

QUALITY & TRAINING

- New super high performance drums are installed along with cleaning blades, and charge rollers assure new cartridge quality printing.
- Seals are replaced to eliminate the possibility of leakage and the cartridge is filled with Ultra Graphics graphics quality toner.
- Each cartridge is assembled by a technician who is trained and certified for the specific model cartridge.

WHY WE'RE PREFERRED

AHRC-NYC Cartridge King is an affirmative business owned and operated by the AHRC-NYC. We are the only Manhattan member of the I-ITC, the trade association of the environmentally appropriate office supplies industry.

We hold the highest certification of quality in the remanufactured cartridge industry.

If you are looking for a solution to the high costs of office document printing, we have it.

If you want to ring every extra benefit from every dollar you spend, here is the perfect opportunity.
