AHRC
NYC

Who We Are

AHRC New York City was founded almost 75 years ago by the mother of a young child with disabilities. She fought the prevailing practice of hiding her child from society, opened a small program for other children, and started a revolution for equity, no matter how different someone may appear to be. Today, AHRC NYC is one of the largest nonprofits in the country supporting and promoting social justice for neurodiverse people. Come and see how we can help.

What We Offer

Clinical Services:

- Psychological Assessment
- Psychosocial Evaluation
- Sexuality Assessment
- Psychotherapy/Counseling
- Behavioral Health & Psychiatry
- Speech Therapy
- Physical Therapy
- Occupational Therapy
- Nutritional Counseling

Individual & Family Supports:

- Intensive Parent Training
- Recovery & Wellness
- Crisis Intervention & Emergency Case Management

Where You Can Find Us

Services are provided at two main clinic locations and over 20 satellite locations. Clinics are open by appointment only; please no walk-ins. Plan a visit and get the care you need.

In Financial District, Manhattan:

83 Maiden Lane, 10FL
New York, NY 10038

Monday–Friday, 8AM–6PM
Saturday, some availability

In Fordham Heights, the Bronx:

2488 Grand Concourse, RM 337
Bronx, NY 10458

Monday–Friday, 9AM–6PM
Saturday, some availability

Satellite Locations: Our satellite clinics provide additional options for eligible individuals to obtain clinical services, conveniently located across the five boroughs. Hours and services vary, so please contact us for specific information for these locations.

Telehealth: Remote care through telehealth services are available.

How to Contact Us

Interested in learning more? Reach out today. For information or to schedule an appointment, please call our Referral and Information Center at **212-780-4491** (dial 711 for TTY users). You can also email us at referrals@ahrcnyc.org or visit our website at AHRCnyc.org.

Clinic Leadership Team

Medical Director

Ellen Schwartz, LMSW
Associate Vice President, Family & Clinical Services

Richard Cohen, PhD
Chief of Clinical Services

Sheryl White-Scott, MD, FACP, FAAID
Senior Medical Advisor

The Clinical Center for Disabilities is fully licensed by the New York State Office for People with Developmental Disabilities. Most services are covered by Medicaid and Medicare, and some private insurance. For people who do not have coverage, we offer a sliding scale fee to make clinical care more affordable. Please check with us for further details.
